## GREENVILLE.

Notes of Interest About the Village.

Mrs. Dennis H. Driscoll of North Main street was a visitor in Hartford Monday.

Napoleon Kerouack has returned after a short visit with his brother in Bridgeport.

William Hastings of Central avenue is on a few days' visit with Jewett City relatives.

John McIntyre of North Main street has returned from a week's stay with relatives in Thompsonville.

Miss Katherine Carroll is quite ill at the home of her parents, Mr. and Mrs. William Carroll of Mowry avenue, East Norwich.

William MacMillan is making improvements to his house on Fourteenth street, his son, William MacMillan, Jr., being engaged in painting it.

James Gordon was a member of a party that held at the Hallville Sunday and also returned on foot by way of the Hospital at Brewster's Neck. They did the walk in good time.

Attracting much attention is the bed of geraniums which beautifies the grounds in front of the Greenville grammar school. The plants have been raised and cared for by Charles Lutz, the janitor.

Miss Agnes McKelvey entertained a party of about 25 friends at her home on Prospect avenue recently. Five tables of whist were played and a social time enjoyed. There was music on the piano by Miss Elsie Peterson which was greatly enjoyed.

## TAFTVILLE.

Local Briefs and Personal Mention.

The mill carpenters are engaged in shingling on Providence this week.

Edward Duchaineau has sold out his share of the wet-wash laundry this week and is said to be going into the horse business.

The Farmers of Lisbon defeated the German towns 16 to 12. The battles were F. Erickson and Chris. Krauss; Hedder and Jubert.

A number of the former employes at the Green silk mill in Greenville will return to work there this morning when the mill re-opens.

Amable Deslandes is having the rocks blasted out on his lots on Hunters avenue. This will take several days and then the land will be graded.

Fred Sullivan of South Catfret, who broke his arm a few weeks ago, went to the Backus hospital, where it was set Monday. It was found that the bone was knitting satisfactorily.

One of the local residents who are successfully following up the hen industry is Jeremiah J. Donovan of Merchants avenue. He has a choice flock of half a hundred fowls which include Plymouth Rocks, Rhode Island Reds and White and Black Wyandottes, and also many chickens. Mr. Donovan has recently had a house built with a spacious yard large enough for 300 hens and this place will soon be fully tenanted.

## MARSHAL HARVEY

NAMES TWO AIDS.

Also the Order of Procession for the Memorial Day Parade—Line of March the Same.

Marshall James Harvey has named Rutherford C. Plaut and Harry Shannon as his aides in the Memorial day parade, on Monday.

He has arranged the order of procession as follows:

Platoon of Police, Captain Linton commanding.

Marshall James Harvey.

Third Co. Coast Artillery, Captain Haggberg.

Fifth Co. Coast Artillery, Captain Tarbox.

Sedgwick Post, No. 1, G. A. R., V. S. Sedgwick Camp, No. 8, of V. G. E. Zimmerman commanding.

Disabled Soldiers in Carriages.

City and Town Officials.

The line will form in Main street, near the Buckingham Memorial, being reviewed by the mayor and city and town officials at Cliff street, and will then move through Main to Washington street, up Washington to the Soldiers' monument, where the exercises will be held, after which the line will reform and march down Broadway to

## UNITED STATES FINISHING CO.

Purchases Entire Capital Stock of Queen's Dyeing Company of Providence—Little Over Two Million Paid for It—Adds Large and well Equipped Plant.

No city in the United States is more interested than Norwich in the statement which has just been made public of the purchase of the capital stock of the Queen Dyeing company in its entirety by the United States Finishing company, and for the following reasons:

The Norwich Bleaching, Dyeing and Finishing company was one of the original plants taken into the Finishing company, and there is today on the board of directors of the parent organization Charles L. Hubbard of this city, Charles Bard, one of the leading citizens, and F. S. Jerome, treasurer of the company, whose youth and manhood have been principally spent here.

The matter of the purchase of the Queen stock was brought before the board of directors at a meeting last Thursday in New York. The entire board was present and they were unanimous in their opinion, and the statements they made at that time as to the progressive management of the corporation, which had been the past years been associated with Mr. Wright in the active management.

Joseph H. Jerome, who grew up, so to speak, under the fostering care of Charles Bard, was called to New York as treasurer of the company for the reason that his management of the financial matters with which he has been connected in Norwich had been such that the strength in that line has been undoubted and within a year as desired in New York and the progress of the company has been ably handled at New York by Mr. Crowell, who is considered the dean of the manufacturing world, and whose advice is looked up to in every move made by the managers of the corporation.

Each plant is run by individual managers, in many cases graduates of technical schools. The manager here is John F. Rogers, whose efficient and progressive abilities can be obtained in the country, who follow the trade closely and by a weekly trip to the plant, that is, the one that is able to get in touch with the work as desired in New York and the progress of the company has been ably handled at New York by Mr. Crowell, who is considered the dean of the manufacturing world, and whose advice is looked up to in every move made by the managers of the corporation.

Individual Managers at Each Plant. Each plant is run by individual managers, in many cases graduates of technical schools. The manager here is John F. Rogers, whose efficient and progressive abilities can be obtained in the country, who follow the trade closely and by a weekly trip to the plant, that is, the one that is able to get in touch with the work as desired in New York and the progress of the company has been ably handled at New York by Mr. Crowell, who is considered the dean of the manufacturing world, and whose advice is looked up to in every move made by the managers of the corporation.

Mr. Wright, president of the company, who has been in this city, and his efficient executive ability is at once recognized by the leading business men of the country, and will readily be seen that both Mr. Wright and Mr. Jerome are large stockholders in the company, together with Mr. Hubbard and other directors, who have invested in the securities of the company as they are guaranteed by such representation on the board of directors. The other directors are Harry F. Lippitt of Providence, R. I., considered the leading cotton manufacturer of America, Peter Reid of Passaic, N. J., a millionaire many times made entirely from the finishing business, as he was the pioneer in that line. These, together with James Bryce of Passaic and Edward S. Brown, cashier of the Mechanic National bank of New Bedford, Mass., make up the board.

Anonymous Vote in Favor. The vote was unanimous in favor of taking over the plant, which will be run as a separate organization and retain its name, the Queen Dyeing company. It is probable that the officers of the Finishing company will be made the officers of the newly acquired concern.

The Queen Dyeing company of Providence was incorporated in 1832, and from a small beginning has grown to one of the very strongest corporations of that city. It has had a long and enlarged, doubled its plant, and all enlargements and changes of every kind within the company have been made. It was capitalized on a conservative estimate of \$1,500,000. Its earnings have been the highest grade throughout its progress for the past seventeen years, and the purchase of same in its entirety by the Finishing company marks its tremendous step in

Indication of Progressiveness. The absorption of the Queen by the Finishing company is simply another indication of the progressiveness of the management and its desire to serve its clients in the best possible way. In the past six or eight months the demands on the production of the company have been tremendous and with new mills being built in Fall River, New Bedford and elsewhere it will readily be seen that this step, which has been one in advance of the times, probably is but a very necessary one if the company's enviable reputation of perfection in finish and promptness of delivery is to be lived up to.

UNALTERABLY OPPOSED TO SALOONS IN OCCUM. Hearing Before County Commissioners on Petition of Adie Coiteux, With Opposition by Totoket and Occum Companies—Petition Refused.

At 11 o'clock Tuesday morning there was a hearing before the county commissioners on the petition of Adie Coiteux of Occum for a liquor license in Occum. There was a remonstrance against the license by the Totoket and Occum companies. After hearing all the evidence the commissioners at a private session reviewed it carefully and decided to refuse the petition.

Mrs. Coiteux told of the place where she wished to locate the saloon as having been kept by her father, a saloon, after which Messrs. LaPierre, Bedard, Fontaine, Buteau and King had kept it as a saloon. She said her husband did not want to go into the business, and it became necessary for her to earn her own livelihood. Her husband retired from the business that they could enter the business and she would have the place used as a saloon before. She was examined by Attorney W. A. Briscoe, who appeared for the remonstrants.

The remonstrants John T. Almy, treasurer of the Totoket company and of the Occum company, objected to any more saloons in Occum. Mr. Almy stated that the company was unalterably opposed to more saloons there and in fact to any saloons in the village. The Queen saloon he considered enough for the village. In case there should be a limitation of saloons in the town they should want all taken out of Occum, in which village there are over 300 people. If the town should go so license they would strenuously oppose the issuance of any more licenses. It is considered it is better for the community to have no saloons. It is better for the peace of the village, the property of the residents and the ability of the employer to do their work. W. A. Briscoe presented the companies' feeling in his argument. Mrs. Coiteux said she was a woman and the place suitable.

Mrs. Coiteux testified she was over 50 and has three daughters, and it was brought out that four women in Norwich have liquor licenses.

CASES HEARD IN THE SUPERIOR COURT. Verdict for \$500 Against the Thames Ferry Company—Suit of Charles Stamm vs. U. S. Finishing Co.

At the opening of the civil superior court here on Tuesday morning the arguments were made in the case of S. A. Cook vs. the Thames Ferry company, the evidence in which was completed last Thursday. The jury, after the charge took it under consideration, and at 1:10 o'clock brought in a verdict for \$500, which was accepted by the court and ordered read.

Safe Was Moved. On Tuesday John Woodmansee completed the job of moving the large safe of the Chase bank from its former building in Shetucket street to the small garage in Shetucket street erected by Judge J. M. Thayer.

\$1,000 Stolen from Postoffice. Syracuse, N. Y., May 25.—The post-office at Ellbridge, about sixteen miles west of Syracuse, was entered by burglars early today, the safe was blown open and about \$1,000 in stamps and cash was taken. The office clock stopped at 2:27 a. m.

The English army now has 44,000 total abolitionists.

corded. It is understood that the defendant company had offered that amount in settlement previous to the trial.

Stamm vs. U. S. Finishing Co. A jury was secured at the afternoon session for the trial of the case of Charles Stamm of this city against the United States Finishing company for damages for injuries received at the Norwich branch, where he was employed. He is a machinist and went there to work and had been engaged in setting up a large engine. On January 23, 1908, he was called to the room where the engine was located and had a lighted bearing and was directed to loosen it. He loosened the screws and released the top of the bearing. He was standing on the engine and as the top was released the engine turned about half over, throwing him off and he was caught and severely and permanently injured. He has since been unable to work and is now confined to his bed.

Has Seven Plants. The Finishing company now has seven important dyeing and finishing plants operating from the trade: The Providence branch, formerly known as the Reid & Barry company. The Dunnell company, formerly known as the Dunnell Manufacturing company of Pawtucket, R. I. The plant in Norwich. The Sterling Dyeing and Finishing company of Sterling, Conn. The Providence branch, formerly the Silver Springs Bleaching and Dyeing company, and the subsidiary company of Pawtucket, R. I. The management of Mr. Wright's son, W. T. Wright.

Joseph Wright's idea of a finishing company, which is being ably conducted under the management of Mr. Wright's son, W. T. Wright. At 320 Broadway, the New York headquarters, there are a group of market-makers, the management of which is in the country, who follow the trade closely and by a weekly trip to the plant, that is, the one that is able to get in touch with the work as desired in New York and the progress of the company has been ably handled at New York by Mr. Crowell, who is considered the dean of the manufacturing world, and whose advice is looked up to in every move made by the managers of the corporation.

## MEMORIAL SERVICE BY FIFTH COMPANY.

Rev. Neilson Poe Carey and Tom Gilmore Addressed Large Gathering at Armory.

On Tuesday evening, following the regular drill of the Fifth company, Captain Tarbox, there was a memorial service at which there was a large number of the Sedgwick post members, a delegation from the Third company, C. A. C. and the Spanish War Veterans. A stage was erected on the south side of the hall, where the speakers sat.

The programme was finely carried out as follows, there being tri-color decorations on the platform and about the hall: Piano solo, Jungetown, Missian Waldron; solo, Dear Old Glory and the G. A. R. and Our Brave Defenders, Sergeant George Turner; address, Rev. Neilson Poe Carey; piano solo, Honest Confession, Missian Waldron; address, Tom Gilmore; piano solo, Missian Waldron.

The address of Rev. Mr. Carey was heard with marked attention. He spoke upon patriotism, discipline and loyalty to duty and compared the soldier to the Christian. His short talk drew forth much applause. Tom Gilmore gave a soul stirring patriotic address upon the significance of the service of the soldiers and the comrades and he was given much applause.

The words to the song Our Brave Defenders were composed by Captain Tarbox and fitted the occasion, being sung to the old war-day tune of Anna Lida.

The memorial service was a decided success and the officers received many compliments. At the company meeting orders were read for Memorial day, the company to assemble at the armory at 12:30 o'clock. On Sunday evening they will assemble at 7:30 to attend service at the Central Baptist church.

DIED. STELZER—In Norwich, Wauwecus street, May 25, suddenly, Albert Henry, son of Mrs. Albert and Fred Stelzer, aged 5 years, 11 months and 12 days.

Funeral from the home of his parents, Wednesday, May 26, at 2:30 o'clock. Burial in Yantic cemetery. Funeral private.

MORAN—In New London, May 25, 1909, James Moran, in his 67th year.

MURPHY—In New London, May 24, 1909, Peter Murphy.

SHEA—In New London, May 24, 1909, Mary E. wife of Patrick Shea.

O'DONOVAN—At the state hospital, at noon, May 25, 1909, Mrs. Nellie O'Donovan, wife of Thomas O'D
